Hello.

I can answer this for 2019 for Atlantic Region's centralized application process. It is possible that other Districts and Divisions may have approved some applications through their own funding that we are not aware of, however I think they were all done centrally through this CPSD process.

- 1: 11 individual employees applied
- 3: 17 total applications received (and 3 informal requests)
- 4: 3 applications rejected (and 3 informal requests that were denied due to lack of funding)
- 5: Applications approved at 25%: 0 Applications approved at 50%: 0 Applications approved at 75%: 3

Applications approved at 100% (or closest to): 11

6: 0 ineligible due to failing grades

For 2015 and 2016, the applications would have been approved through Training and Learning and CPSD would not have the records of who was approved/rejected.

Hi Isabelle.

We are able to provide answers to Questions 5a to 5d in Muhammad's chart below. With respect to Question 7, we don't have an "allocation" for tuition reimbursement. In fiscal year 2019, there was a list of pre-approved tuition items that we can provide – but that it is only available for that year. We did not read this as how much was spent on tuition reimbursement but how much was allocated/allotted for these items.

With respect to the other ATIP questions:

- ATIP Question 1 Finance does not maintain records on the number of people that apply for courses, advances, reimbursements. I agree that ATIP will need to reach out to districts/divisions.
- ATIP Question 2 The information that we are able to obtain in Q5, can be pulled by Name however this would need to be cross referenced with other data sources as the forms don't have classification/titles. However doing so will result in us creating a new record which I did not think was within the parameters of ATIP responses. Can you please advise? I am pretty sure that group and level is included on the application form. I would provide it if available.
- ATIP Question 3 Finance does not maintain records on the number of applications received for courses, advances, reimbursements. I agree that ATIP will need to reach out to districts/divisions.
- ATIP Question 4 Finance does not maintain records on the number of applications rejected for courses, advances, reimbursements. I agree that ATIP will need to reach out to districts/divisions.
- ATIP Question 6 Finance does not maintain records on the number of applications that were rejected due to a failing grade. Commitments, if they have been entered into CAS, could be reduced to zero for a number of reasons such as the course was not taken, course was committed for an incorrect amount and need to be reentered, etc.

We will provide you with a response on Questions 5a – 5d shortly.

Please advise if we should be creating a new record/document to address Question 2.

Thanks, Marc

Hi Isabelle.

I am looking for some clarification re the information requested per sbj ATIP. I have copied ATIP questions in the table below with my comments or clarification required.

- 1. Question # 1, 3, and 4 I am not sure where to find this information? Is the expectation that we engage MSOs for their applicable Dist/Div but I do not think that they are even tracking these? On the other hand, if we rely solely on the processed BSFs for this information, then we will miss all those instances where employees had applied for/requested tuition verbally or via email but the requests were rejected. Not sure that this information is available, because it isn't something that is tracked. I know for a fact that not all requests are approved, because I've had requests refused because of funding in the past (in fact T&D likely have a record of this), and am taking two that I didn't even bother submitting knowing that there is no funding available. Note: that Districts/Divisions may be able to confirm. My thoughts are that ATIP reach out to Districts/Divisions to confirm whether the information exists.
- 2. Question # 5 (all parts) I guess we can review original invoices loaded in the system and the processed BSFs to determine the percentage of tuition allowed. Do you agree with our approach? I think this is the only way, however Tammy has the summary for this current FY which will help.
- 3. Question # 6 I think that CAS would have captured those instances where an advance was approved but no corresponding reimbursement was processed. Agree, although it is not the practice of CBSA to pay for a course prior to proof of successful completion. How can we find BSFs where no advance was requested, but then no reimbursements was made either due to failing grades? Not sure about this one, does CAS leave a record if an FR was opened and then later reduced to \$0 (closed)?
- 4. Question # 7 Is this ask for total tuition expenditures or the planned tuition expenses for each year. If the planned amount are requested, then again, I am not sure where to find this information as it was only with some 2019 BSFs that I found a document with a pre-approved list of courses for FY 2020. Did we use a similar pre-approval list in prior years as well? Not sure I understand this part of the request? Didn't we already provide the amount spent on educational assistance as part of the previous related ATIP? This is the first year we used the centralized process, since the process was transferred from T&D who used to manage these centrally a few years back.

	1. Number of Individual that applied for Courses/ Advance/ Reimbursements	2. Classification and Position Title for Employees	3. Total number of Applications <u>Received</u>	4. Total number of Applications Rejected	5.a Number of applications that received 25% of eligible tuition	5.b Number application that receive 50% of eligituition
2015						
2016						
2017						
2018						
2019						

I will appreciate your guidance to gather the required info for this ATIP. If you prefer, we can set up a quick meeting to discuss these.

Thank you

Muhammad

2020/16 janvier 2020

The Atlantic Region has received the Access to Information Act request noted below on January 8, 2020. Our information is due in HQ by January 16,2020. In order for us to meet our legislated deadlines, please forward all records in your possession to the ATIP inbox ATL_CBSA-ASFC_ATIP-AIPRP-G ATL_CBSA-ASFC_ATIP-AIPRP-G@cbsa-asfc.gc.ca by January 14, 2020. Please note that Pin-to-Pin communications are considered a record and must be provided if responsive to an ATIP request.

NIL responses are required. If other areas need to be tasked with this request, or if an extension is required, please advise me ASAP and provide the rationale for the extension request.

In order to avoid confusion we would like just one response from each district/division.

If Office of Primary Interest or Subject Matter Experts are unavailable due to vacations or other reasons for being absent, IT may have to be contacted to obtain the information requested if it is contained within their emails. ATIP cannot take extensions on files due to vacations or other reasons for being absent. Information on extracting information from absent employees can be found at the following Wiki location:

Here is our response for WCIU for the year 2019 only: This is the only report for all POEs under Morash including Yarmouth, Sydney, Marine Halifax, Marine St John, and Marine St John's, CET and WCIU

- 1) One employee for Chief Maclean/Watson
- 2) N/A
- 3) Two applications for the same employee for Chief MacLean/Watson
- 4) Unknown
- 5) N/A
- 6) Unknown

No response was received from HSIA on this request.

For NL there was a response from only one Supt regarding this ask. Response from Gina Walsh

- 1. Number of people applied that I am aware of -4
- 2. Number of applications 4
- 3. Number of rejections 2
- 4. Number of failings NIL

Sorry for the delay of this response due to office closures in NL.

Thanks
